DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

ASSENT OF ASSIGNEE

This application is objected to under 37 CFR 1.172(a) as lacking the written consent of all assignees owning an undivided interest in the patent. The consent of the assignee must be in compliance with 37 CFR 1.172. See MPEP § 1410.01.

A proper assent of the assignee in compliance with 37 CFR 1.172 and 3.73 is required in reply to this Office action.

The "Assent of the Assignee to Reissue" with a certificate of mailing of 2/26/96 submitted in this application appears to not be an original, but a copy of the "Assent of the Assignee to Reissue" filed in the reissue application 08/610,127, which has issued as RE 36613. As a copy of the assent from another application this assent cannot indicate that the assignee has consented to the present reissue application.

SPECIFICATION

The disclosure is objected to because of the following informalities:

This application appears to be part of a family of divisional reissue applications. There is no requirement that a family of divisional applications issue at the same time, however, it is required that they contain a cross reference to each other in the specification. 37 CFR 1.177(a) requires that all multiple reissue applications resulting

Art Unit: 2822

from a single patent must include as the first sentence of their respective specifications a cross reference to the other reissue applications. Accordingly the first sentence of each reissue specification must provide notice stating that ore than one reissue application has been filed, and it must identify each of the reissue applications and their relationship within the family of reissue applications, and to the original patent.

Appropriate correction is required.

Conclusion

.Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
